

LOGGER

FIRE RESISTANT SHIRT

A logger wearing a red helmet and an orange high-visibility fire-resistant shirt with reflective silver stripes is working with a chainsaw. The scene is framed by a curved, dark border with orange highlights. The background shows a road and trees.

Where **thoughtful**,
innovative design
combines a **high degree**
of **safety** with
comfort and **durability**.

Fire-resistance and visibility combined in a comfortable safety shirt.

Meets NFPA Code 70E Category 2 for Arc Thermal Protection. Design meets AS/NZS 4602:1999.

Manufactured in New Zealand by Zenitec
